#### Leon Medina, 2013 Little Brother of the Year: A Success Story

Leon and Vy

During his first year in high school, Little Brother, Leon Medina, didn't have the drive or dedication for education which prevented him from earning all his credits in school. In his second year of high school, Leon was matched with Big Brother, Vy Nguyen. When Leon first met Vy, he was extremely reserved, but Vy was committed to his Little Brother and told him, "I hope that we will continue to build our relationship and strengthen our trust in one another."

Not only was Leon able to make up his lost credits from previous years, he became more active in school, received an award for perfect attendance and gained a passion for art—even having one of his works displayed in his school's office. Leon's biggest success is that he is planning to continue his education into college.

Now, Leon is able to maintain a positive attitude through difficult situations that would have gotten him into trouble before. Vy says, "We are a good match because we're extremely different, but prove our dedication to each other by participating in activities we wouldn't normally do."

Last year, Vy won Big Brother of the Year and he couldn't be more proud of Leon, knowing that his Little Brother's improvements not only positively impacted his life, but have brought them both to a new point in their friendship. "I feel like Leon now expects me to be there for him and I hope he knows I always will be."

The Stone Canyon Community Foundation has awarded grants to Big Brother Big Sisters of Tucson for the past two years.
