Dear Rosemary,

We'd like to take a moment to thank you for your donation towards Brain Boxes and STEM Saturdays engagement. Your support means the world to us. As we navigate these uncertain times, it's people like you who are making our work possible.

Our history began in 1986 in a small space in downtown Tucson, but grew and expanded many times throughout the years. Right now we're learning, and embracing, that our vision and mission reaches beyond the walls of our museum, it lives right in the hearts, minds and homes of the families we serve. With your support we are moving our educational tools online, creating new content daily and sharing our stories remotely, so families in our community can continue to learn, discover and play with the Children's Museum no matter where they are.

The Children's Museum was founded on the belief that play is an essential part of learning for children, but now more than ever we're also discovering and harnessing that power within ourselves. Thank you for investing in play!

With gratitude,

*Hilary*
