Dear Stone Canyon Community Foundation Fund,

At an early age, children are already deciding if they are good at science. With your support, all Arizona students will know they can achieve anything - no matter what challenges they face.

The current health crisis is putting our science programs at risk. With your help, we can continue to provide opportunities for children to do high-quality research.

When children explore opportunities in science, they are empowered to help solve the biggest problems in our community and world. You and SARSEF are creating those opportunities together.

But it's even bigger than that - when you support SARSEF, you're supporting entire schools. From pre-kindergarten through high school, SARSEF provides the opportunity for teachers, parents, and students to grow a culture of critical thinking and problem solving through science and engineering.

SARSEF programs will support 90,887 students this year, and your generosity made it all possible. The students thank you. The teachers thank you. And we thank you.

You've changed the lives of students today. And one day - one of those students might change yours.

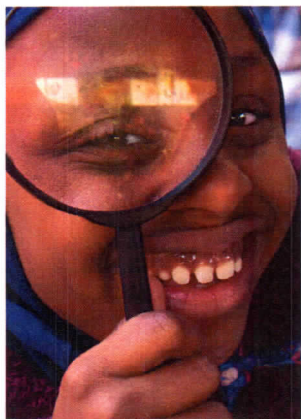

Sincerely,

  
Liz Bowman  
CEO

*Thank you so incredibly much for supporting our kids! Thanks to your support, kids across our community will realize their potential to make lasting change. Liz*
